TRADITIONS

Easter

Easter is a popular spring Christian holiday celebrated by many around the world. It is traditional for men to chase women around the village and spank them softly with a whip woven from branches. Don't get frightened, it is to guarantee the women another healthy year and to preserve their youth and beauty.

Christmas

Czech Christmas is associated with many superstitions that usually relate to life, love and the destiny that awaits in the year to come. According to one Czech custom, one is supposed to fast all day to see the "golden piglet" in the evening.

Food

A traditional Czech meal usually consists of two or more courses, starting with soup, followed by the main course.

Typical Czech cuisine is very meat- and dumpling-oriented. One of the most popular dishes is beef sirloin in cream sauce (svíčková na smetaně).

HANDY INFORMATION & BASIC VOCABULARY

Academic year

At UHK, each year has two semesters – winter (September–February) and summer (February–June). The teaching period is **13 weeks long**.

Subjects

Czech students have obligatory, semi-obligatory and voluntary subjects. Your study plan is different and individual. Just remember to submit your preferences to the international office in time!

Lectures

Some subjects can have non-obligatory lectures given by a guarantor (associate professor or professor). These are important to attend if you want to pass the particular subject.

Seminars

Subjects usually have seminar classes. These are more practical and are designed to further your knowledge gained at lectures. They are also **obligatory**, so make sure to show up!

Credits

UHK uses a credit (ECTS) system to control the students' fulfilment of study obligations. You gain credits for successfully passing a subject.

Pre-exam

There are some conditions that you must meet in order to be permitted to take the final test in a subject. It can be in the form of an essay, a presentation or other format.

Exam

Can be written, oral or practical. You will receive an A, B, C, D, E or **F** based on your performance. F is, of course, unsuccessful. Keep in mind that you have a maximum of **3 attempts** for each exam.

A PIECE OF ADVICE FROM OTHER INTERNATIONAL STUDENTS

Even though it can be a little bit frightening going to a place where you don't know anyone, try to relax! Try to go international and don't just hang out with people from your country, it will make the experience way more enriching and you will have a home in several parts of the world.

Josefina Lonardi, Argentina

Erasmus is an experience full of energy, but don't forget to enjoy the little things, memories of simple moments are the most enjoyable things that you can get from the time you have.

Hradec Králové is your home for the semester, appreciate it as the best place to learn, laugh and meet amazing people.

Andrés Alejandro Pernía López, Venezuela

Getting to know people from all over the world makes you feel like you are travelling even while being in the same place. Moreover, I had amazing support from the university for everything, even before my arrival. I will not forget and I am very grateful.

Rafaela Gonçalves, Brazil

This country, this city and this university are going to surprise you a lot. Be open to new people and experience. Never miss a party, a trip or a class. And don't put off things till tomorrow when you can do them today.
