COURSE CATALOGUE 2019/2020

COURSES IN ENGLISH FOR EXCHANGE STUDENTS
UNIVERSITY OF HRADEC KRÁLOVÉ, CZECH REPUBLIC

Co-funded by the Erasmus+ Programme of the European Union. The European Commission support for the production of this publication does not constitute an endorsement of the contents which reflects the views only of the authors, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

Exchange students from all our partner universities are invited to register for courses with instruction in the English language. Whether the student participates within the Erasmus+ program, or any other exchange program, he/she may opt for a vast selection of courses. The dynamic and youthful University of Hradec Králové – an institution founded in 1959 that has borne its present name since 2000 – has currently about 6000 students and provides high-quality tertiary education within a large scope of study fields that comprise social sciences, humanities, educational studies, natural sciences, economics and information technology.

Useful information

The university campus is situated conveniently in the town center within walking distance of other university buildings, the Educational and Scientific Library, and the old town.

Our university has a very well established Buddy System. The mission of the volunteering students at the ESN Buddy System HK is to help with the integration of Erasmus and other foreign students into the local environment. They will pick you up at the airport, invite you to an orientation week, and organize activities throughout the whole semester.

All exchange students are provided with accommodation at the university dormitory Palachova.

VISA (Non-EU citizens): Foreign citizens who are subject to visa requirement are obliged to apply for a visa prior to their entry into the Czech Republic at an authorized Czech embassy. A visa is not required for EU citizens. It takes at least two months to get a visa, so don't forget to apply on time!

Guidelines for selecting courses

The academic year is organized into two semesters. The winter semester usually starts the third week of September and ends in December (23 September to 20 December 2019); the summer semester begins in February and ends in May (10 February to 8 May 2020). Each semester is followed by a 6 week period of exams. Make sure you consult the course offer of the appropriate semester.

The university consists of four parts: the Faculty of Education, the Faculty of Informatics and Management, the Philosophical Faculty and the Faculty of Science. Make sure you check the course offer of the appropriate faculty that you will be applying for.

Co-funded by the
Erasmus+ Programme
of the European Union

Incoming students choose courses from their receiving faculty. However, it is also possible to register for courses from other faculties. In that case courses that correspond to at least 75% of credits selected by the student have to be registered at the receiving faculty.

Please note that the course offer provided in this catalogue is subject to change and the University of Hradec Králové reserves the right to modify it.

Do not hesitate to contact the international offices of the respective faculties for any information (see the contact list).

For course syllabi and detailed information about each course search at the website: stag.uhk.cz/portal/studium/prohlizeni.html (click courses in the main menu, then fill in the unit abbreviation - the first part of the course code - and the course abbreviation - the second part of the course code after the slash). You may also contact the international office of the faculty you apply to for further information.
