

SCHINIEGOSKI, JÉSSICA THAIS, UNIVATES, BRAZIL
WINTER TERM 2017/2018 (SHORT TERM EXCHANGE) AT
PHILOSOPHICAL FACULTY, UNIVERSITY OF HRADEC KRÁLOVÉ,
CZECH REPUBLIC

Dobrý den,

My name is Jessica Thais Schiniegoski, Brazilian, law student at UNIVATES and I am currently doing an exchange at UHK. I could spend hours here telling stories about how my stay has been, but I do not think all the time in the world could be enough for that purpose.

First, I want to say that I am very grateful for this opportunity. Academic exchange has always been a dream since I started my degree in Brazil. Fortunately, the dream came true and today I am here. So thank you UNIVATES for choosing me from among your students and thank you UHK for having welcomed me and provided me with so many unforgettable moments of my life.

I am studying at the Philosophical Faculty and I can say that I am extremely happy with the institution. Being in a different country where you do not know anyone can seem a bit scary at first and adaptation is not always easy. Therefore, thank you very much for all the support available at UHK along with all the professionals involved who have always been available to help.

Besides, I cannot fail to mention all the people I have met here, my classmates at school and housemates at the dorms, about who today I cannot just say that they are my friends, because we are actually part of a big family. Being able to live with very different people from so many parts of the world, with different cultures and customs is certainly one of the best parts of living outside my country.

In addition, specifically about the classes, I can say that they were very different from what I expected, since they were not only simple classes but also integration moments in which I was able to share with my classmates and teachers a little about my country and also learn about theirs.

It is very difficult to try to summarize what this experience has been like. So, to conclude, I would like to say that everything I learned here and how I grew up as a person is immeasurable. I am very happy for everything that happened and eternally grateful for the opportunity.

Děkuji.
