

The experience of studying abroad was so rich for me. Even though it was not the first time that I went out of my country to study, this one was the longest stay so far away from my place. I am very glad that I could come here with a scholarship because without one it was going to be almost impossible to study abroad because of the economic situation of my family.

The cultural exchange is one of the best things that I can highlight. I meet people from absolutely all over the world, from all the continents and this is the best thing that could ever happen to me. In addition, before coming here I did not have so much knowledge about the Eastern part of Europe so during this time I learnt so much about it travelling to places and with the local people from here.

or social movements.

The fact that I could study political science gave me tools in order to complement my home university career, Journalism with this new area. Also, I had one great professor about Latin American issues that helped me to define my thesis topic. On the other hand, I found some great things that I would like to continue studying in my country such as African culture

My Student Exchange Experience

Tatiana Oviedo Curbelo, Uruguay.

My favorite place here in Czech Republic is Prague. It is a beautiful city with a long and important history from many years ago, as well as all Eastern Europe. In addition, my favorite country that I visited here was England, specially the capital, London. It was the first time that I had the chance to travel around Europe and the first time that I was travelling alone in some of them. Apart

from these cities, I had the opportunity to visit more cities in Europe such as Madrid, Vienna, Berlin, Dresden, Budapest, Krakow, Tallin, Riga, Bratislava and several more cities from Czech Republic like Prague, Kutna Horá, Plzen, Karlovy Vary and Cesky Krumlov.

This experience turned me into a more mature person, independent and widened many opportunities for my professional career in the future. I am very glad to come here with this opportunity and I hope to come back one day again.
