

MY STUDENT EXCHANGE EXPERIENCE

YEUNG PING PING, HONG KONG

"My exchange life at the University of Hradec Králové was very fruitful and it became an unforgettable memory in my life".

This was my first time staying abroad for such a long time. I met a lot of good people and learned a lot about European culture here. Studying in the Czech Republic is amazing, I think that it is a really good place for both studying and enjoying your life. I would definitely come back here again because the Czech Republic is such a beautiful place to visit and travel to; each town has its uniqueness and a fabulous landscape, for instance, Prague and other towns like Brno and Cesky Krumlov, they are very fascinating and beautiful. I will never forget how beautiful they are!

More importantly, the lecturers in Hradec Králové are very nice and friendly. Even though we did not share the same language, I could feel that they genuinely cared about every student. It was an honor to meet such good professors here. Likewise, the students that I met here are very friendly and sweet as well. I joined several activities organized by the Buddy System and all of them were really interesting and they helped me to better adapt to this learning environment. Therefore, I would definitely recommend everybody to come here for studying.
