

MY STUDENT EXCHANGE EXPERIENCE

ESRA UMIT, TURKEY

"My UHK experience"

The days that I spent in Hradec Kralove were of the best experiences in my life. I met a lot of new friends and made many good memories. Unfortunately, time was not enough because of Covid-19 but still, studying in the Czech Republic with new friends and new teachers was very exciting.

When I came here in February, Hradec Králové was very cold and rainy all the time; It took me some time to get used to it. I was only able to go to school for a month. After this, the university started an online education due to the pandemic. Although I could not communicate face to face with my teachers, they were always helpful to students. As the situation started to improve, we began to spend time outdoors again. The landscape of Hradec Králové became more beautiful as time passed by and the air got warmer. The city looked very green; there were so many natural places for walking and picnicking by the river. Likewise, it is a good place for cycling and it is very enjoyable to ride a bike here, especially on sunny days.

Also, being in the middle of Europe was very advantageous for traveling. I could get to travel by train to other cities or even to other countries on some days.

Thanks to the Erasmus program, I could have the opportunity to come to the Czech Republic, and the semester I studied at the University of Hradec Králové makes me think of coming back here in the future.
