Accompanying conference

“The use of artificial intelligence elements in the provision of professional social counselling and the possibilities of applying new technologies in the field of social work”

Date and venue: 16 September 2022 from 9:00 a.m., the University of Hradec Králové, Hradecká 1227, Hradec Králové

The conference is intended for experts in the field of social services and also in the field of information technology developing applications of artificial intelligence and new technologies intended for practice of not only social counselling, but also more broadly for the whole field of social work and social services. The conference is held under the auspices of Mgr. Jan Prouza, Ph.D., the Dean of the Faculty of Arts of the University of Hradec Králové.

Light refreshments (water, coffee, tea) will be available for participants during both conference days.
