Studying abroad and participating in the Erasmus+ Program was one of the best decisions I've ever made. I arrived in Hradec Kralove in the evening of February 3 and from that moment my incredible time here began. I was very worried before my arrival, but the staff, coordinator, teachers are very friendly and will do everything to make you feel as good as possible. Studying here gave me new knowledge that I can successfully use in my further work.

But the most valuable is the life experience that I was able to get here, every day learning something new, communicating with people from all over the world, adopting the history and culture of a new country, I felt my personal development and progress. In addition to studying, we had

a very diverse and active recreation that was organized by ESN. It was a unique time; I will definitely participate in Erasmus again and I recommend you not to miss this opportunity.
