Coming here has been one of the most important and best decisions I've ever made in my life. I lived here for almost a year with my neighbors from all over the world, went to lectures, parties, and to other countries with them. Living in Turkey, I could never have thought that one day my best friend would live in Colombia. Now it is very difficult to leave everything and return to my home because I am leaving my home and going to my other home. It is very difficult for a person to leave her home. I would like to thank my school, my country and my friends who made me feel at home in a foreign country. I would like to thank the ESN team who did their best for me to have fun here, and my coordinator who always took care of me and helped me under all circumstances. You gave me the best year of my life.
