

MY STUDENT EXCHANGE EXPERIENCE

BATI SHETO KEDIR

ETHIOPIA

WINTER SEMESTER 2021-2022

My name is Bati Sheto. I'm from Ethiopia and I participated in the Erasmus credit mobility program from September 2021 to January 2022 in the Czech Republic. This is a wonderful opportunity for students from all over the world to experience something unique in their academic life. Personally, my experience was unforgettable; I have great memories of the city of Hradec Králové.

Being an Erasmus student brings us a lot of opportunities like meeting with new friends from all corners of the world. As an Erasmus student, I shared my culture, experiences, worldviews, and other values with my new friends from different countries.

I come from East Africa, where the weather is completely different from the one in Hradec Kralove, but I truly enjoyed the winter and the snow in Hradec. Life in this city is amazing and very peaceful and clean. The transportation in the city is conformable and the residents of the city are very kind. The price of food is also very affordable, which makes the life of a student easier.

Regarding education, I liked the methods that the lecturers use both in teaching and evaluating the students. My professors at the University of Hradec Králové were very kind and friendly.

Overall, I wish all the best for those future Erasmus students that will come to study at the UHK!!!

My gratitude to the UHK and Addis Ababa University for facilitating such a great opportunity for students.
