

MY STUDENT EXCHANGE EXPERIENCE

CARLOS PÉREZ LÓPEZ
SPAIN, UNIVERSITY OF SALAMANCA
WINTER AND SUMMER TERM 2020-2021

My Erasmus has been, by far, the best experience of my life. I have been able to travel, especially at the end, when the covid measures have decreased. Knowing all the places I knew in really few time, being able to create relationships with people from all over the world, to whom I might not see again (not all of them, obviously), creating memories with all these incredible people, running from your normal life to one in which you feel all the possible freedom, independence, etc., to be yourself...

*"I have learned
from life and
people more than
ever."*

It has been a year I will never forget. And I know it sounds typical, but I cannot say another thing. I feel it like this. I have fallen in love with a town that has some characters I am not used to love. I have been to Prague as my second home.

I have improved my English; I have had subjects in another language and I have been able to pass them. I have even thought in English, which is not my mother tongue. The teachers have been so nice and adapted to us so many times that we cannot be anything but grateful. Thank you, thanks to the UHK for helping us with everything. My sincere thanks to Miss Markéta, a woman with infinite patience for me—yes, I am a bit of a disaster. I am sorry to all the ones who could have been affected by this but specifically to her, my coordinator, a great professional that always tried the best for all of us, including me, who was not the best with her all the time. I am really grateful to you.

I know I am a bit repetitive, but really, thank you. The emotions which a person feels during this experience cannot be expressed in words: you have to live it. One and a million times if it is necessary: thank you, Hradec Králové. Thank you, UHK. Thank you, Erasmus. Thank you forever. It will be impossible to forget this. Thank you.
