

## How to get from Main Station Hradec Králové (Hlavní nádraží) to Palachovy koleje (dormitory)<sup>1</sup>

Dormitory address: [Palachova 1129, 500 12 Hradec Králové](#)

1) Outside the building of [Main Station](#), there are platforms of public transportation and there is also [a big board with all the following closest connections](#).

You can also find the board with departures of buses inside the building.

2) You would need the ticket for travelling to Palachovy koleje. You can buy it inside the building of the Main Station (in one of newsstands/tobacco shops – Relay or Pont, the price is 20 CZK) or directly at the driver of given bus (30 CZK, see the Picture 1). If you will buy the cheaper one at the newsstand, you'd have to mark the ticket after boarding the bus. You would have to use special machine to mark numbers on the ticket, it should be located close to the driver (see the Picture 2). On the Picture 3 you can see a ticket similar to the one you can buy in the newsstands. When you are in the bus, find the machine from the Picture 2 (near to the driver), put the ticket inside of it (numbers side down) and push it against you. The machine should do notches into numbers on the ticket. Remember that the ticket is valid for 60 minutes after marking it or buying at the driver. You can change the bus with the ticket marked or bought at the driver during that time.

All the buses no. 24 – The bus goes directly to the station Palachova from [Main Station Hradec Králové](#). Please, note that the bus goes both ways, you'd need to take the one going from the left to the right direction (normally, it is the platform C or D, but see one of the boards before for details). The bus goes almost each 15 or 20 minutes during the workdays. The station Palachova is the 12th one from the Main Station (see the Picture 4 to check through which stations the bus goes).

You can find particular connections [here](#). See the Picture 7. You can also find a Hradec Králové public transportation scheme [here](#).

The screenshot shows the iIDOS.cz website interface for searching public transport connections. At the top, there is a navigation bar with a logo, a user profile icon, a shopping cart icon, and a menu icon. Below the navigation bar, a grey banner提示 says "To change Timetables use the button [Timetable select](#)". The main content area features four buttons: "Hradec Kralove Public Transport" (orange), "Trains + Buses + All Public transport" (blue), "Trains + Buses + All Public transport" (blue), and "Timetable Selection" (blue with a plus sign). Below these buttons are two input fields: "FROM" with the value "HLAVNÍ NÁDRAŽÍ" and "TO" with the value "Palachova". Below the input fields are two date/time selectors: "Today" and "Now", each with up and down arrows. To the right of these are radio buttons for "Departure" (selected) and "Arrival". Below the date/time selectors are two checkboxes: "Direct connections only" (unchecked) and "Extended search" (checked). At the bottom is a large orange "SEARCH" button with a hand cursor icon.

Check the Picture 8 – there is a board outside of the building of Main Station. You can see that first, there are numbers of particular buses, then there is a name of the end station of given bus, next is the departure time and the last one is a platform from which given bus goes. The end station of buses no. 4 and 24 is „Pod strání“, the end station of no. 51 is „Dům L“.

4) Don't forget to leave the bus when it will reach the station „[Palachova](#)“ ☺ Then you should see the building of dormitory on the right side (see the Picture 9), it has a blue banner with sign: „UNIVERZITA HRADEC KRÁLOVÉ – PALACHOVY KOLEJE“ on it. Cross the street, find the main entrance on the right side of the building (see the Picture 10) and ring the bell, the receptionist should let you inside. In case this entrance would be closed, go to the right around the building (through the parking lot – see Picture 11) and find an entrance to the building A – it is located in the same building as the main entrance. The reception is located on the left side behind the door.
