

MY STUDENT EXCHANGE EXPERIENCE

KING HIN FUNG

HONG KONG

WINTER SEMESTER 2021-2022

Studying at the University of Hradec Kralove is one of the best memories of my life. I was able to meet many friends from various countries, which is so unexpected. We played, traveled, cooked, lived, and studied together, and we could share our experiences from our own countries. It is absolutely a great chance to learn something interesting or new from each other, for instance, different living styles, cultures and so on.

Not only living with friends but also studying in the Philosophy Faculty was beneficial for me. The courses provided by the faculty are of great variety and I could choose courses I was interested in. Professors are all nice and kind, and they were willing to answer my questions and provide me with solutions to different problems. I really enjoyed the lessons at the University of Hradec Králové so much.

The University also organized many activities for exchange students, which made me feel really welcomed. For example, we had a city walk together and we could get more familiar with the city we were living in. We also had a picnic together, and we sat together and chat. All these activities were incredibly fun.

Overall, the University of Hradec Kralove is such a wonderful place to study, as well as the city itself: the most beautiful and peaceful city I have ever visited.
