

# MY STUDENT EXCHANGE EXPERIENCE

MUHITTIN TUT

TURKEY

SUMMER TERM 2021-2022

The beginning of the story started 1 year ago when I got to know that I would come to Hradec Králové for Erasmus. When I researched the procedures, I discovered that the process of obtaining a visa for Czechia took a very long time. I had a few problems while making an appointment with the embassy, but my coordinator, dear Markéta, was always helpful.

Then I finally arrived in Czechia and I saw myself in a different country with a different culture but I was never afraid, I always tried to learn something.

I had scholarship problems related to my home university because I could only receive my scholarship in February but people in Hradec helped me with the accommodation...

I met people from many different countries and learned about new cultures, new languages, and new foods. It was the perfect experience for me. I even attended a conference where I talked about my Erasmus experiences. After that, I think I improved myself and completed my Erasmus successfully. Hradec made me the Turkey representative in the student ambassador program. Now, the fact that I'm going back home is not the end, it's actually the beginning of everything. I hope I can come here for my master's degree and continue this excellent experience.
