

MY STUDENT EXCHANGE EXPERIENCE

ROKSOLANA POPADYCH

UKRAINE

SUMMER SEMESTER 2022 - 2023

Hello everyone! My name is Roksolana Popadych. I am a student from Ukraine, studying at the Uzhhorod National University. I always dreamed of gaining new knowledge and opportunities abroad, in order to gain a lot of experience and apply them in practice. I had a great opportunity to study abroad in the framework of the Erasmus+ program at the University of Hradec Kralove, Czech Republic, and I can confidently say that I am happy with my choice.

For me, the Erasmus + experience in Hradec Králové gave me a chance to meet many people from all over the world and I was amazed by the diversity of culture and traditions. I also enjoyed teaching and sharing my experience about my home country with my friends from many countries.

I really liked the educational process at the University of Hradec Králové, because the focus is from many small and simple things to productive activities that become motivation and a new period for setting many goals.
