

My Erasmus Experience in Hradec Králové

My name is Pilar Liaño, I'm from Cádiz, Spain. My Erasmus experience in Hradec Králové has been the best experience of my life. I arrived on 16th September, feeling excited but also a little nervous because everything was new. I came to study Social Education at the Faculty of Philosophy in Hradec Králové, and from the very beginning I felt very comfortable at the university. The teachers and classmates made me feel welcome, and I really enjoyed my studies.

During my Erasmus, I made amazing friends from many different countries. They became like a second family to me, and we shared unforgettable moments together. We laughed, travelled, learned about different cultures, and created memories that I will always keep in my heart.

One of the best parts of this experience was travelling. I had the opportunity to visit many beautiful places, discover new cultures, and grow as a person. Every trip taught me something new and made my Erasmus even more special.

At Christmas, I went back home on 20th December to spend the holidays with my family. After that, I returned to continue enjoying this incredible adventure.

Unfortunately, every wonderful experience comes to an end. I left Hradec Králové on 15th June, and it was one of the saddest days of my life. Saying goodbye to my friends and to the city was very emotional. I will miss Hradec Králové so much because it became my second home.

This Erasmus has changed me in many ways. It helped me become more independent, confident, and open-minded. I will always be grateful for everything I experienced, the people I met, and the memories I made. I will never forget Hradec Králové, and I hope to come back one day.
