

# Evaluation of Educational Activities by Students of Doctoral Degree Programmes

## I. Introduction

1. Pursuant to Art. 7, Para. 4 of the Rules of the System of Quality Assurance and Internal Quality Evaluation at the University of Hradec Králové, this Rector's Decree defines rules for evaluation of educational activities by students enrolled in doctoral degree programmes ("doctoral students") at the University of Hradec Králové ("UHK").
2. This Decree concerns the evaluation of educational activities in all accredited doctoral degree programmes including those taught in foreign languages.

## II. Process and Method of Evaluation of Educational Activities by Doctoral Students

1. Evaluation of educational activities by doctoral students at the UHK takes place in the form of an anonymous questionnaire issued to evaluate doctoral studies, focused predominantly on the organization thereof, on the obligations imposed upon doctoral students, and on the creative activities carried out by doctoral students.
2. The evaluation process takes place once in two years, usually at the end of the teaching part of the summer semester. The due date and method of questionnaire completion are determined for every evaluation run by the Vice-Rector for Science and Creative Activities.

## III. Processing and Providing the Evaluation of Educational Activities by Doctoral Students

1. The evaluation results are processed in summary, by faculties and, in dependence on the minimum number of the involved doctoral students, also by degree programmes.

2. The evaluation results and the measures following from the evaluation are submitted to the Rector's Board, to the UHK Academic Senate and to the UHK Internal Evaluation Board.
3. The general results of the evaluation of educational activities by doctoral students are provided to the Academic community after logging in the UHK web.
4. Determination of the way of discussing the results and of taking measures at the levels of faculties and degree programmes lies within the competencies of the faculties.
5. The faculties will provide doctoral students with the results per faculties and degree programmes and with information about the measures taken.

#### **IV. Final Provisions**

1. This Decree comes to force and effect on the day of being signed.
