

Extraordinary scholarships for outstanding results in representing the UHK at sports competitions

This Rector's Decree regulates the amount of scholarships for students for placing first to third in sports competitions having the character of the academic national championship. When placing in other (non-academic) competitions, consideration will be given to whether the student actually represented the UHK or, for example, his/her sports club. Achievements in international competitions will be judged individually.

Collective competition is defined here as a sports competition in which teams of at least three people compete.

The following table shows the minimum amount of scholarships.

Placement	2023 individual competition scholarship	2023 collective competition scholarship
1st	CZK 3,500	CZK 2,500
2nd	CZK 2,200	CZK 1,700
3rd	CZK 1,500	CZK 1,200

The scholarship may be increased by the costs of travel, accommodation and meals necessarily associated with participation in the competition. This increase may be in the form of reimbursement of actual documented costs or a predetermined lump sum at the discretion of the faculty. In the case of competing in more than one discipline, scholarships are cumulative.

This Decree shall enter into force and effect on the date of signature.

Rector's Decree No. 12/2018 is repealed.

In Hradec Králové, 12 April 2023

Prof. Ing. Kamil Kuča, Ph.D., m.p.
